

Carolyn and Dr. Newport, I just want to thank you from the bottom of our hearts for the wonderful clinic today and for Carolyn making that connection for our patients to have this valuable clinic. My son who was recently diagnosed with muscular dystrophy (has hand foot and hand contractures) was seen today and had an excellent visit. He is 13 and I think from the visit today, this will help him greatly even preventing long term problems with the contractures. Again, sincerest thanks!
