*Promoting foot health and healthy lifestyles for the underserved.*

We brought so many pairs of shoes to the Remington, VA Get Healthy Fauquier Health Fair last month that we ran out of space to put them! We gave away dozens of shoes and socks to kids and adults but we didn't stop there. We provided attendees with information to keep their feet healthy along with a variety of games that kept them hula hooping, jumping rope and playing golf as they learned how to prevent and get rid of stinky feet and shoes.

We had lots of fun meeting the folks in Remington! Below is one of the puzzle games we challenged the attendees with. They sorted the foot care products in the bins below to remind them what to use to prevent or fix achy, or stinky feet. Can you figure it out?
